

## NEW CLOVERDALE WEEKEND MARKET TO DEBUT AT CLOVERDALE FAIR GROUNDS THIS JUNE

For Immediate Release

**Surrey, British Columbia, Canada** – This June the new expanded Cloverdale Weekend Market will debut on the Cloverdale Fair Grounds bringing a community market style operation to the Surrey area for the first time. The Cloverdale Weekend Market, opening June 5, 2011, will be the first of its kind on the Lower Mainland to combine a traditional flea market and a country market all in one setting. It will offer many items found at successful urban markets run throughout North America.

*"We are looking forward to offering our changing community and updated and more urban style market, while maintaining the traditions set on the Fair Grounds,"* says Lower Fraser Valley Exhibition Association President Shannon Claypool. *"This is an exciting time in the long history of the Association, we envision a weekly meeting place where the community can connect with one another while supporting local businesses."*

For over 25 years the Cloverdale Fairgrounds have been host to numerous swap meets, markets and trade shows, as well as the annual Cloverdale Rodeo & Country Fair. The Lower Fraser Valley Exhibition Association is seeking proposals from qualified operators to assume management, marketing and operation of the Cloverdale Weekend Market. All interested operators are asked to submit proposals by April 15, 2011. For details visit [www.cloverdalerodeo.com](http://www.cloverdalerodeo.com).

The Cloverdale Fair Grounds will once again play host to the annual Cloverdale Rodeo and Country Fair happening May 20 to 23, 2011.
